VILLA SAID TO BE LOCATED

Armistice With Carranzistas Arranged During Conference

U. S. DEFERS ANSWER

Army Chiefs Will Discuss Plans for Further Pursuit of Bandits in Mexico

Washington, April 25.—Hopes of the capture of Villa are revived with State Department advices that Villa has been located sixty miles west of Satevo.

Marion Letcher, consul at Chihuahua City, reports that he has been "reliably informed" that Villa has been located.

Washington, April 25—Further developments in the pursuit of Villa and the relations between the United States and the de facto government of Mexico now await personal discussion of these subjects by the senior military advisers of the two governments.

A conference between Maj.-Gen. Hugh L. Scott, Chief of Staff of the American Army, and Gen. Alvaro Obregon, Minister of War of the de facto government, was arranged late yesterday to take place probably in Juarez. General Scott is now in San Antonio, Texas, and General Obregon is thought to be already on his way north from Mexico City. They may meet today or tomorrow.

Announcement that General Carranza had agreed to the conference was made by Eliseo Arrendondo, Mexican Ambassador designate, who paid a second visit to Secretary Lansing yesterday to communicate the fact. Secretary Baker was promptly informed and the information transmitted to General Scott.

Mr. Arredondo called at the State Department first to say that his government asked that some reply be made to the note of April 12 suggesting that American troops be withdrawn from Mexico.

The Ambassador was informed that no reply could be made to General Carranza's note at present. Secretary Lansing is understood to have made it plain that the Washington Government was anxious that General Scott be given a chance to talk the situation over with General Obregon before a formal answer was prepared On his return to the embasay Mr. Arredondo found a message announcing that General Obregon would go to the border.

Details of the meeting were left to General Scott by Administration officials. At the Mexican Embassy, however, it was said that while no word had come that General Obregon was on his way to the border, there was reason to believe he had already left Mexico City. As the two officers hold equal military rank and as General Obregon is a Cabinet officer in addition, it was assumed at the embassy he would suggest that General Scott call on him in Juarez in accordance with diplomatic and military meetings, it was said, probably would take place across the border in El Paso, because of the better accommodations there.

General Scott has an enviable and unsual record for conducting friendly negotiations. The arrangement of a neutral zone at Naco, Sonora, during fighting between Carranza and Villa troops; a later conference with Villa, which resulted in the release of American goods detained by him, and the quelling of an uprising of Piute ndians in Utah are recent examples of his skill as a diplomat. He is known to have believed that a greater degree of co-operation could be secured from the Carranza forces, if a personal conference with any or the leading commanders could be arranged.

HARRY THAW'S FORTUNE

Evelyn Nesbit's Son May Still Become the Heir

Pittsburgh April 25—Will Evelyn Nesbit Thaw's six year old son, Russell, inherit the fortune of Harry Kendall Thaw in spite of the fact that the principal ground upon which Thaw obtained a divorce was testimony from three persons that Patrick John Francis, a former newspaper reporter and press agent of New York, admitted to them that he was the child's father and that Mrs. Thaw herself at various times confirmed Francis' admissions?

Competent authority calculates that the Thaw millions have increased immensely since the elder Thaw's death and that at that time the Thaw fortune was estimated at about $40,000,000.

The fact that under the laws of Pennsylvania and because of the terms of the will made by Harry K. Thaw's father the status of the child as Thaw's prospective heir were not materially injured by his testimony, direct and downright, as it was, is a point of tremendous interest to the legal fraternity. The paternity of the little boy, absolutely repudiated by Thaw when he testified in the divorce hearing before Judge Cohen in the Common Pleas Court and attributed to Patrick (Jack) Francis by three witnesses, was not necessarily the compelling factor in the granting of a decree on Aprill 19, but it was a most important feature of the case. To the mind of the layman, unversed in the peculiarities of the law of this state, the testimony might have seemed to remove forever any possible chance the boy—Russell—might have had to inherit Harry K. Thaw's fortune.

Lawyers, however, do not look at the matter that way. They seem fairly well agreed that the divorce suit testimony, positive as it was, actuallly accomplished nothing so far as inheritance rights under the laws of Pennsylvania are concerned.

CHILDREN ABED DYNAMITED

Explosive Thrown Under Sleeping Youngsters Fails to kill

Scranton, Pa., April 25—Enemies dynamited the home of Morris Hollander, Old Forge, early Sunday morning. by throwing a stick of dynamite with a lighted fuse attached through a bedroom window.

His children, Cecelia, aged 4, and Emmanuel, aged 2, had narrow escapes from death. The dynamite landed on the floor beneath their bed, and, in exploding twisted the iron bed and springs into a tangled mass of iron, tore the plaster from the walls and wrecked other articles of furniture. The children were thrown from the bed by the force of the explosion but the bed clothing saved them, unhurt, save for a few bruises and scratches.

BERLIN AWAITS KAISER'S WORD

Will Not Reply to U. S. Until He Has Been Consulted Again

HOLD A CONFERENCE

Washington Officials Manifest Encouragement By Reports From German Capital

Berlin, April 25—It is understood that the German reply to theAmerican note will not be delivered before the Imperial Chancellor has another opportunity of conferring with the Emperor.

The American Ambassador was called by telephone to the Imperial Chancellor's palace yesterday morning. He went immediately and the conference with Dr. von Bethmann-Hollwegg lasted an hour and 10 minutes.

When he came from the conference, Ambassador Gerard declined to give any information as to the nature of the discussion and would not answer a question as to whether anyone else was present.

Dr. von Bethmann-Hollweg devoted the afternoon to conferences on the submarine question with Admiral von Holtzendorff, chief of the Admiralty Staff, who recently succeeded Admiral von Tirpitz. Several of the higher diplomatic officials participated.

Washington, April 25—Indications that powerful influences in German politics are opposed to any action by the Berlin Government which might lead to the severance of diplomatic relations with the United States are understood to be contained in confidential dispatches received yesterday by the State Department from Ambassador Gerard. Socialists and labor leaders are represented as being particularly averse to any such move.

Other dispatches from Mr. Gerard were said to contain strong intimations that the Berlin Government would make some concessions to the United States in reply to the note demanding the immediate abandonment of present methods of submarine warfare. It still is uncertain, however, whether the concessions will be sufficiently broad in their scope to meet the American demands.

Officials allowed it to become known that Mr. Gerard's dispatches indicated that Germany would go to great lengths to preserve friendly relations with the United States. Mr. Gerard is understood to have gained his views during conversations with Berlin officials, including Foreign Minister von Jagow.

Rio de Janeiro, April 25—The press continues to show approbation of President Wilson's course with respect to Germany.

O Paiz says that the solidarity of the new continent is such that, should occasion arise, all theAmerican government would support, without reserve, the action of President Wilson.

A Noticia declares that all indications point to the evolution of the neutrals toward war. It adds: "It is impossible to think that the United States will back down."

RAIDERS TO DIE.

Seven Villa Followers Are Sentenced by Judge Medler at Deming.

Deming, N. M., April 25.— The seven Villa followers who were captured after the raid on Columbus and convicted of murder in the first degree were yesterday condemned to die May 19, by Judge Edward I. Medler.

The prisoners pleaded that they were ignorant of where they were going at the time of the raid and that they were forced to follow Villa under penalty of death.

Six of the bandits listened unmoved to the sentence of death, but the seventh, Jose Rangel, who had been wounded in the raid and was carried into court on a cot, cried for mercy.

Judge Medler ordered the prisoners to the Santa Fe penitentiary for safe keeping.

VON DE GOLTZ ASSISSINATED

Reports from Swiss and Italian sources say the Field Marshal von der Goltz was assassinated immediately after the news of the fall of Trebizond reached Constantinople, and when he was about to board a train for Berlin. Another story says that upon seeing that the Russians were about to decisively defeat the Turks before Trebizond, von der Goltz, despairing of the collapse of his 20 years of work with the Turkish army plused himself with all his staff at the head of the Ottoman force and charged to certain death. Yet another version of his death says that it was due to the rigors of the 30 mile retreat on horseback, after the route of the Turk before Trebizond.

WEST VIRGINIA STILL REFUSES

Virginia Debt Commission Will ask Court to Compel Action

MATTER IS IGNORED

Representatives of Old Dominion Hold Meeting in Washington Today to Push Issue

Richmond, April 25—The Supreme Court of the United States will be asked to issue such order as will compel the State of West Virginia to pay the judgment awarded the State of Virginia about a year ago on the old debt account.

For this purpose the State Debt Commission—Henry T. Wickham, Judge William F. Rhea, D. H. Pitts Henry H. Downing, Judge J. Thompson Brown, Congressman H. D. Flood, Randolph Harrison and Colonel Joseph Button, secretary—will convene in Washington today at the New Willard Hotel.

John G. Johnston, of Philadelphia, counsel for the bondholders, and Attorney General John Garland Pollard will be on hand to advise on the legal procedure, and it is expected that every member of the commission will be in attendance.

Governor Hatfield, of West Virginia has announced that he will not call a special session of theWes t Virginia Legislature to deal with the matter, and the regular session has adjourned without any action whatever. The decree in favor of the State of Virginia was for $13,000,000 and was entered about a year ago, and since July 1st of last year has been bearing interest at the rate of about $2,000 a day.

Repeated efforts have been made by the State of Virginia to arrange for an adjustment of the debt, but every overture made by the Old Dominion has been treated with silence, West Virginia officials indicating that the matter was one that did not concern that State and they cared nothing for the action of he Supreme Court of the United States.

What steps will be taken remain to be determined, but the fact is that efforts to reach a settlement following the award have met with no more success than the efforts to settle the debt peacefully, and it is for a discussion of the case in all its phases that the commission will meet and hear from the lawyers and the men who have been handling the matter for the State.

NOT TO CUT WORKING HOURS

Seventy Six Metal Manufacturing Companies Sign Statement

Pittsburgh, April 25—Seventy-six metal manufacturing companies whose plants are located in Pittsburgh and the surrounding boroughs announced through a signed statement yesterday that, "after due consideration," they would not reduce the working hours in their respective shops.

The companies, said to employ a total of almost 100,000 men, considered the eight-hour question at a series of meetings held last week after the employees of a number of shops had demanded an eight-hour day and it had become known that other demand were in preparation.

Included in the list are the Westinghouse Electric and Manufacturing Company, where approximately 13,000 men are already on strike, and the Union Switch and Signal Company, the Westinghouse Machine and the Westinghouse Air Brake Company, where efforts are being made by the electrical strikers to bring out the men.

ANOTHER CHARGE

Von Igel's Papers Show German-Jap Plot Here

New York, April 25—With the announcement from Washington yesterday that Attorney General Gregory had advised the State Department not to surrender the papers and letters seized when Wolf von Igel was arrested in the former offices of Capt. Franz von Papen, 60 Wall street, it became known that the seized documents furnished the Government authorities with the details of a German plot to stir up trouble between the United States and Japan. The documents are said also to have furnished certain evidence corroborating the reports that Germany was involved in the various Mexican troubles.

Among other things thedocuments contain reports, written in Japanese, from three Japanese agents in the pay of the German government at Tokio These reports, each several thousand words in length, cover the activities of German agents and Japanese agents working for Germany, during the greater part of 1915. They set for forth in great detail the work that is being done toward instilling hatred of America in the minds of the Japanese people, and of eorts being made to influence Japanese officials and to induce them to involve their country in difficulties with the United States.

MORE RUSSIANS REACH FRANCE

Second Convoy Arrives at Marseilles on Transports Today

VANGUARD OF 300,000

Muscovites Dressed in Civilian Clothes and Minus Equipment or Uniforms of any Kind

Paris, April 25.—A second convoy of Russian troops arrived at Marseilles aboard transports today.

Information from an authoritative source shows that the recent detachment of Russian troops, whose arrival at Marseilles was made the subject of a considerable public demonstration, was by no means the first Russian continent to land on French soil.

It appears, moreover, that the first consignment of Russians, amounting to 30,000 in all, is only the vanguard of an army of 300,000, for at least 250,000 of whom complete uniforms and equipment already are waiting in France. Some of them are coming like those already arrived, from Dalny and Vladivostok, from concentration camps in Manchuria, by way of the Suez canal.

The first thousands of Russians arrived at Toulon from Dalny in the first week of April. Elaborate precautions were taken to prevent the least inkling of their coming reaching the outside world. All of them were dressed in civilian clothes and were without uniforms or equipment of any kind.

It was explained to such civilian residents of Toulon as caught sight of them that they were Serbian refugees brought from Durazzo and Scutari, Albania.

MRS. ROGERS ON TRIAL.

Jury is Selected to try Woman Charged With Murder of Her Two Children.

New York, April 25.—The selection of a jury and the presentation of the state's case against Mrs. Ida Sniffen Walters Rogers, on trial here for the murder of her two children December 29, 1914, were completed in less than four hours yesterday after which former Lieutenant Governor Lewis Stuyvesant Chanler, representing the accused woman, announced that insanity would be the main contention of the defense.

Several witnesses, most of them neighbors of Mrs. Rogers, described her great love for her children, and told of alleged irrational acts of the woman Mr. Chanler announced when the trial was adjourned yesterday evening that he would call a prominent New York alienist as a witness for Mrs. Rogers today. He intimated also that the case probably would go to the jury tomorrow.

BEATEN TO PULP IN MILL

Man Terribly Mangled When Clothing Catches in Shafting

Wilmington, Del., April 25—Thomas B. Ford, 37 years old, a widely known church worker of New Castle, died yesterday in the Delaware Hospital, in this city, as the result of injuries sustained in the plant of the American Manganese Steel Company at New Castle. He leaves a widow and three small children.

Ford was oiling a rapidly revolving shaft when his clothing caught and he was whirled about until his clothing gave way and his torn and mangled body was dropped to the floor. Both legs has been torn from the body and he was practically beaten to a pulp, although still living when Joseph P. Herdman, another employee, found him. There were no witnesses to the accident. Ford, as he lay on the floor waiting for the ambulance from the Bethlehem Steel Company's projectile plant, said to the officers and employees who stood around him: "My life is about through. Boys, be good." He died soon after arriving at the hospital.

LATE MARTIN LAWLER

Deceased Merchant Had Resided in Alexandria Nearly Seventy Years

The death of Martin Lawler, occurred too late yesterday afternoon for the Gazette to make more than mere mention of the decease.

He was one of the most generally known of our people, having lived in Alexandria over three score years. Born in county Kilkenny, Ireland, 78 years ago, he came to this city when but twelve years old, and was employed in his early days at the Smith and Perkins locomotive works in the early fifties. Later he was one of the workmen at Thomas Jamieson's machine shop on the southeast corner of Wilkes and Royal streets. Shortly after the civil war he engaged in the grocery business in the southwestern section of the city in which occupation he continued up to a few years ago.

Pleasant in his demeanor and of a friendly nature, he made many friends, and his uniform and unchangeable spirit caused him to be esteemed and respected by all who knew him.

The deceased is survived by six children, all of Alexandria: Mrs. Michael Downey, Miss Ella Lawler, City Councilman Nicholas J. Lawler, Edward E., John N., and James T. Lawler.

Funeral services will be held at 9:30 o'clock Thursday morning from St. Mary's Catholic Church.

MULE KICKS GIRL IN FACE

New York, April 25.—That an ordinary mule has nothing in common with Easter Sunday was brought home forcibly to Miss Catherine Rupprecht a pretty girl of Milltown, N. J., who is resting up in the local hospital with a dislocated jaw and a fracture of the right leg. Incidentally she became estranged from several teeth.

The young woman got up a mule riding party to celebrate Easter Sunday. She picked out her father's favorite hybrid, Maud, who stood eminently still until Miss Rupprecht tried to get on her back.

Maud objected strenuously, and used her hind hoofs as an argument, Miss Rupprecht lost the debate, her pride, and nearly her life.

The mule riding party was called off, and its members visited the young woman at the hospital.

HIT AND KILLED BY AUTO

Pedestrian Run Down Near Wilmington by Philadelphian's Machine

Wilmington, Del., April 25.—While walking along the Philadelphia turnpike late Sunday night, Palmello Buglisis, 30 years old, was stuck and fatally injured by an automobile owned and driven by John C Dawson, jr., of Philadelphia.

Dawson, who was returning home from this city, says he did not see the man until he was within two feet of him. Dawson and his companions lifted the man into the car and hurried to the Chester Hospital, but there Buglisi was pronounced dead. The accident occurred 500 yards south of the Delaware State line, so the police here were notified and Detective King brought Dawson to this city. Attorney General Wolcott, was notified, but after hearing the facts of the case , he ordered Dawson released pending further investigation.

The dead man was employed at the plant of the General Chemical Company, at Claymont, and had been visiting friends in this city.

MR. BRYAN AGAIN.

That eminent peace pilgrim. William J. Bryan, who recently arrived in Washington bent on preventing war between the United States and Germany, confesses that he knows little or nothing about the status of the present controversy. It is a safe bet, however, that this handicap will not prevent him from discussing the matter at length. That Mr. Bryan himself is largely responsible for present conditions is the belief of many.

"If there is one influence among many that has been the most potent in bringing about the present dangerous crisis with Germany it is the impression that was made upon the Teutonic nations by Mr. Bryan's resignation as Secretary of State," says the New York Sun, editorially, "a step upon his part that led them to believe that as a people we Americans were a house divided against ourselves, a nation willing to pay any price in honor, pride and consistency for the preservation of peace.

"Having by his petulent abandonment of the ship of state in its hour of peril added immeasurably to that same peril, Mr. Bryan, to demonstrate again his unalterable and unselfish patriotism, abandons a lecture tour to hurry to the seat of government— for what purpose? Assuredly to embarrass further an administration that had conferred upon him the highest honor in its gift, in the darkest and most trying days that have befallen a President and his advisers since Lincoln's time.

"The contempt that his lack of good taste, to put it mildly, has awakened among thousands of Americans who once followed his leadership is not apparently within Mr. Bryan's purview .He cannot see himself as others see him. Perhaps, however, the present ludicrous exhibition he is making of his foiled and deluded self is not without some advantage to the general public.

The Norfolk Ledger-Dispatch says Mr. Bryan has trully fallen upon evil days. Probably the worst blow to him in his defeat in Nebraska, where he sought to be elected as one of the delegates to the National Democratic Convention. He will sorely miss the familiar job of platform-making. Apparently Mr. Bryan has at last succeeded in talking himself out of everything—except a tidy income.

Dr. J. William White, eminent surgeon, author and close friend of Col. Roosevelt, died yesterday evening in Philadelphia, after an illness of six months.

THEN AND NOW.

The announcement that Billy Sunday has received forty thousand dollars for eight weeks' evangelistic services in Baltimore brings to mind reminiscences of by-gone days. The great apostle to the Gentiles did not meet in Corinth the reception accorded the former baseball player in the Monumental City, In his first letter to the Corinthians, who seem to have ignored him, he says: "Even unto this present hour we both hunger and thirst, and are naked, and are buffeted, and have no certain dwelling place: and labor, working with our own hands: being reviled, we bless; being persecuted, we suffer it: being defamed, we entreat: we are made as the filth of the world, and are the offscouring of all things unto this day."

When the celebrated Adam Clarke, was ordained a minister of the Gospel it was necessary for him to declare that he did not have a penny in his pocket. He was literally telling the truth, as, according to his own statement, he had a halfpenny piece.

The "Diary of a Poor Vicar," published many years ago in Germany and later in England, shows how many good men have been compelled to fight poverty throughout their entire ministry. Promised about one hundred dollars a year, and given a small piece of land, which they were supposed to cultivate, their menu often consisted of a dish of boiled turnips—only this and nothing more.

WOMAN LEADS STRIKERS.

A prophetic of old tells us in the last days perilous time shall come. We are especially told that during this reign of turbulence that men shall despise dominion. This is now a chronic condition of the world.

There are many disgraceful scenes in the history of past two centuries to show how literally this has been fulfilled. When the rule of discord convulsed, Paris in the latter part of the eighteenth century women were conspicuous. They mingled with the men, beat drums and sang Marseillaise Hymn. A young woman, wife of a printer, it will be remembered, was carried to the Church of Notre Dame, placed upon the altar and worshipped as the "Goddess of Reason."

When Louis the Sixteenth and his queen Marie Antoinette were being brought back to Paris by a howling mob of women were beating drums and crying themselves hoarse.

Between one and two thousand men are now on a strike in Pittsburgh, Pa. They were employees of the Westinghouse Company. Considerable disorder prevailed in the city yesterday. Strikers fought the police and strikebreakers, and a number of persons were more or less injured. A young and stylishly dressed woman wearing a paper mask led the rioters.

An affectionate and confiding woman is God's greatest gift to man, but when she gets into masculine boots and leads mobs she fails to appeal to the gender from which she was taken.

THE SUBMARINE GOES ON

(Baltimore American)

Submarines are making annotation of a practical kind upon the note of Mr. Wilson. They are proceeding merrily to sink other craft, one, two three, four—so the number runs up. Thus, while the wise men of Berlin are pondering deeply over the relative use of an adjective or an adverb in a critical place in the reply that is to be made to Washington, the care-free commanders of the submarines are shooting torpedoes at merchant ships with the same zest that they potted the Lusitania and the Sussex.

Is not this allegorical? Who can fail to see the two aspects of the German mind and action? While the diplomats dope the submarines do. While the wise men exhibit literary sagacity the men of action display their militant spirit. And thus it will be after the reply to the note has come. No matter what the agreements in these notes, the submarines will make torpedo annotations upon the text and give occasion for fresh notes and fresh agreements, and so on to the end of the chapter—whatever that may be.

So the Washington folk would do well not only to consider the Berlin civil magistrates in the matter at issue, but to look upon the submarine commanders as carrying out the more potent will of the military magistrates—these plainly say, no practical concessions, any kind of verbal concessions.

An attack of 3,000 hostile troops forced the British to evacuate the village of Quatia, in Egypt, Sunday the war office admitts. A simultaneous attack against the village of Dueidar was beaten off.

NEWS OF THE DAY

Nine persons were killed, five wounded and a monastery destroyed in an air raid on Trieste by Italian aviators, the Austrian war office announces in an official statement.

The work of secret agents of Germany in Japan was told in exhaustive detail in the papers seized in the office of Wolf von Igel at 60 Wall street, New York, it was revealed yesterday.

A robber, armed and masked, walked into the Copper State Bank, at Bingham Canyon, Utah, yesterday and after binding the cashier and locking him in a vault, escaped with $5,000.

Denial is made in Berlin that Russia has made any peace overtures to Germany. It is said that Russian soldiers have been in France since the first week in April. Three hundred thousand men are expected.

For the second time in two years an anonymous person has slipped a $1,000 bill into the Easter contribution plate at St. Luke's Episcopal Church, Evanston, Illinois, without leaving any means of identification.

Severe earthquake shocks caused heavy damage throughout the Island of Haiti Sunday night and early yesterday. Communication with interior points was broken off and it is feared there has been heavy loss of life.

Col. Roosevelt will not support Senator Root for President on the Republican ticket, said one of the colonel's callers yesterday at Oyster Bay, L. I., and Root's nomination would only result in a third party ticket, probably headed by Roosevelt.

The Rochambeau, the first of the French line's passenger vessels to carry a gun for defense against German submarines, arrived yesterday at New York. Frederick Cozzens, one of the pasengers, said he saw a force of Japancse soldiers in Marseilles, France two weeks ago.

Threatened by rioting strikers, Policeman Edward S. Murphy, shot and probably fatally wounded Guitana Nigras, a hod carrier, yesterday in Albany, N. Y., Police reserves were called out and in the fighting that followed a dozen persons were wounded. Twenty arrests were made.

Eighteen thousand employes of the Westinghouse Electric and Manufacturing Co., and Westinghouse Machine Co., and 24,000 employes of the Pittsburgh Coal Co., are on a strike. The former ask an eight-hour day and the latter demand the five per cent increase voted at the late wage scale.

A dispatch to the London Star from a correspondent in Ireland states that an engine load of police frustrated an attempt to wreck a train at Maryborough, Ireland. The police were rushed to the scene after the railway men had been fired upon. Maryborough is 51 miles from Dublin, in a southwesterly direction. It is the capital of Queens county.

The British war office announces that three Zeppelins, raided the Norfolk coast last night. So far only a few incendiary bombs are reported to have been dropped. A German aeroplane attempted to raid the Channel port of Dover, yesterday. The war office announces that the hostile machine had been driven off. It stated further there had been no damage caused.

Paul Lemeschewsky, a Russian inmate of the Government Hospital for the Insane in Washington, hanged himself with two towels in his ward yesterday. Lemeschewsky was committed to the asylum some months ago from the Washington Asylum Hospital. It was said his mind became deranged over religion. He was 40 years old.

According to a dispatch from Berlin, about 50,000 carloads of corn have been sent from Roumania to Germany and Austria during the last three months. It is reported from Bucharest that next week will be begun the forwarding of 140,000 carloads recently sold to Roumania. It is said that the British were unable to obtain even half of the 80,000 carloads of corn they desired to purchase.

An official statement issued by the British admiralty announces the capture of Sir Roger Casement during a German attempt to land arms and ammunition in Ireland. The statement says. 'During the period between the afternoon of April 20 and the afternoon of April 21 an attempt to lan arms and ammunition in Ireland, was made by a vessel under the guise of a neutral merchant ship, but which in reality was a German auxiliary in conjunction with a German submarine. The auxiliary sank and a number of prisoners were made, among who was Sir Roger Casement."

Repulse of French attacks on both sides of the Meuse was followed yesterday morning by a firece German bombardment of Dead Man's Hill. Gen. Petain's forces coninue to maintain the offensive in the fighing around Verdun. An infantry attack by the crown prince is likely, however, to follow he heavy artillery action At he same time it is not unlikely that the French will themselves, attempt a thrust at the Germans positions, particularly at the lines northeast of Verdun about Dousumont. Russian re-enforcements are already reported on the western fighting line.

Germany was observing the tercentenary of Shakespeare's death yesterday as though the poet were the greatest of her own immortals, instead of the proudest name in the literary annals of her most hated enemy, England. Last week the Deutsches Theater in Berlin gave a memorable Shakespeare cycle, and this week the Royal Schauspielhaus, in the same city, will do likewise, But the most important, observance is in Weimer, Germany's Stratford-on-Avon, sacred to the memory of Schiller, Goethe and other great Germans.

The Dutch steamer Berkelstroom, bound from Amsterdam with a general cargo, was sunk Sunday by two German submarines. The crew was given 15 minutes to leave the ship and the submarines then shelled it with their guns for 4 hours. The captain and crew of 22 men were picked up. The Berkelstroom was a small vessel of 700 tons. The 4-000 ton steamship Parisiana, bound from Newport, England, for Norfolk, Va., has been sunk, presumably by a mine or torpedo, according to a dispatch to Lloyds. The Parisiana sailed from Newport on April 20.

Mrs. Charles R. Davis, of St. Paul, Minn, was appointe vice president general of the Daughters of the American Revolution yesterday afternoon at a special executive meeting of the national board of management of the D A. R. at Memorial Continental Hall, Washington. This appointment meets the arrangement of having eleven vice presidents general of the D. A. R. beginning this year instead of ten as have been elected in the past. Mrs. Davis received the appointment, it is understood, by right of having received the greatest number of votes at the vice presidential election last Wednesday among the three candidates who were defeated.

VIRGINIA NEWS

Sending a bullet through his left lung, William Whitaker, a farmer aged 30 years, died at his home, 15 miles south of Bristol, Sunday night. He left no explanation.

Richmond bank deposits are increasing more than $1,000,000 a month and bank clearings are showing a monthly increase of more than $400,000, according to official figures made public yesterday.

Orange and its vicinity were visited Saturday by a destructive storm, accompanied by a severe wind, A silo on the farm of E. W. Scott, near Somerset, was blown from its foundation and wrecked. The roof of the home of Col. E. F. Golsan was blown off, a hay barn blown over and two of his outbuildings demolished.

Charged with murdering her month-old baby, Hester Ragsdale, a woman aged 25 years, and for many years a resident of Schoolfield, near Danville, was arrested yesterday. Her arrest followed the forging of a chain of circumstantial evidence around the woman, who, the police say, finally confessed that she had killed the child, fearing the anger of her father.

Confessing to have started fifteen fires in Richmond since April 7, conflagrations which it is estimated conservatively did at least $80,000 damage and which it cost the city in the neighborhood of $2,000 to extinguish, Howard Banks, alias Percy Christian, an 18 year old negro arrested Sunday night while in the act of preparing to start a fire in the rear of the Virginia Bonded Warehouse, is being held by the police on fifteen charges of arson.

Drinking six ounces of chloroform purchased Sunday on his way to church, telling the druggist he wished to kill a dying horse, William W. Tanquary, 43 years old, a prominent Presbyterian churchman, Sunday school leader and bookkeeper in the Farmers and Merchants' National Bank in Winchester, was found unconscious Sunday afternoon in a stable and died yesterday. His accounts at the bank are reported about six hundred dollars short.

C. W. Spitzer, of Staunton, had his leg broken, nose fractured and elbow dislocated in an automobile accident Saturday on the Valley pike seven miles from Harrisonburg. Spitzer, who is manager of the Rothwell cold storage plant, stated that he was compelled to ditch his car in order to avoid colliding with a touring car that was approaching him rapidly. He was en route to his home in Martinsburg, W. Va, to spend Easter.

M. F. Hopkins, a Bristol junk dealer, has shipped the most historic illicit still in the country to a Cleveland (Ohio) dealer. The still, of solid copper, was kept going in the mountain section of Scott county, for a number of years, and while in service was the centre for numerous battles between revenue men and moonshiners. A record of the fights around that old-time copper still shows that 14 men were shot to death in the ravine in which it was located. Among the men slain around the still was a minister of the Gospel.

Chairman W. D. Cardwell, of the Third District Democratic Committee, has issued a call for a meeting of the committee today to arrange for the selection of the party nominee for Congress from this district. The committee will fix the date of the primary in order that prospective candidates may have ample notice of the time within which to qualify, so far, no one has come to the front as a possible competitor for the seat now occupied by Congressman Andrew Jackson Montague. The Socialists, it is true, have named a candidate, but the vote of this party is negligible.

Just as he was about to leave the court room after being placed under $100 security for six months by Magistrate H. S. Sunday, for attacking his wife, W. D. Palmer, a resident of Varina District in Henrico county, was served with another warrant, charging him with arson. Palmer is charged with setting fire to his house last Wednesday night. It is the belief of the police that he burned the house in a fit of rage against the balance of his family, Palmer ran his wife and children out of the house Wednesday night. Palmer claimed that the fire was due to a lamp being accidentally knocked over.

James Lewis, white, employed as a watchman by the Pocahontas Mills Company, was stabbed to death by James Henly, white, near the gate of the company's property, in Petersburg last night. Lewis and Henly had quarreled, and Lewis had been ordered off the property of the company. He went away, but latter returned with two other white men, named Bryant and Exum. The quarrel was renewed and all three men, it is alleged, attacked Lewis. During the encounter he was stabbed in the right side of his abdomen, and died almost immediately. Bryant and Exum it is said by witnesses, kicked the prostrate body of the wounded man.

Twenty-five labor leaders were placed on trial yesterday in Judge Kickham Scanlan's court in Chicago on charges of boycott, conspiracy, malicious mischief and extortion, as a sequel of the big painters' strike of last year Defended by seventeen of the ablest criminal lawyers they could procure, officers of the unions and alleged sluggers were arraigned and pleaded not guilty.

Clears Away Pimples

There is one remedy that seldom fails to clear away all pimples, black heads and skin eruptions and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, black heads in most cases give way to zemo.
